

Lagoon 51

2026 Owners Version

Lagoon 51

The Lagoon 51 stands for a new generation of sailing catamarans: open, elegant, and optimized for both performance and onboard comfort. With its spacious flybridge, large cockpit areas, and smart energy solutions, the Lagoon 51 is ideal for extended cruising, entertaining guests, or simply enjoying life on the water.

This brand new Lagoon 51 will be delivered in March 2026 and is now offered for sale – a rare chance to secure a fully equipped yacht without the usual lead time. Outfitted with a powerful generator, lithium battery upgrade, air conditioning, dishwasher, bow thruster, full Raymarine navigation suite, hydraulic tenderlift platform, and many other premium options, this Lagoon 51 is ready for private adventure or exclusive charter.

Why a Lagoon catamaran?

Pros:

- World market leader with over 7,000 catamarans built
- Support from the financially strong Beneteau Group
- High resale value through global brand awareness
- 230+ certified service partners
- Efficient spare parts service - available worldwide within a few days
- World-class service centers for maintenance, warranty, and optional equipment
- Support for international events such as the Transatlantic Rally ARC

Lagoon catamarans combine innovative design, excellent comfort and reliable performance. Whether for a private cruise or for charter, Lagoon stands for quality and user-friendliness - worldwide.

Why a Lagoon catamaran?

Smart Sailing

All sailing manoeuvres are controlled from the helm station

The engines are spaced far apart to make it easier to maneuver in the harbor

Two engine compartments ensure safety and redundancy

The trampoline and the middle beam provide stability and comfort

Lagoon stands for peace of mind, global support and effortless sailing - in style.
